3 · How to pay — three ways

① Nihao China / Tour Wallet · for small spends

Top up CNY 200–500 to the wallet for breakfast, metro, convenience stores and small street stalls. The easiest way to pay day-to-day — one wallet covers Alipay, WeChat Pay and UnionPay.

② Overseas card directly · for big spends

Link Visa/Mastercard/JCB/UnionPay cards directly to Nihao China, or tap your physical card at the terminal. Best for hotels, malls and larger restaurants — no wallet top-up needed.

③ Cash — keep ¥300–500 as backup

Change a small amount at check-in or withdraw from an ATM. Note: some small street stalls and local vendors are mobile-payment only, so keep your wallet topped up. Never pay a deposit to a personal account for any service.
